2. Phawngpui Blue Mountain NP

Imperial BLUE ki Rum pee ke MAR LEN?

National Parks- Assam, Manipur, Nagaland, Meghalaya

- **Tripura**

1. Bison (Rajbari) NP
2. Clouded Leopard NP (Phayre's langur found)

Only three national parks in India on the name of animal.

Third: Blackbuck National Park

- **Kaziranga National Park**
- **UNESCO WHS (Natural), Tiger Reserve, Important Bird Area.**
- Lies in the Eastern Himalayan biodiversity hotspot
- Hosts two-thirds of the world's Indian rhinoceroses
- Also home to large breeding populations of tigers, elephants, wild water buffalo, swamp deer, Indian and Chinese Pangolin
- Vast expanse of tall elephant grass, marshland, Tropical semi-evergreen, Terai and dense tropical moist broadleaf forests.
- Brahmaputra, Diphlu, Mora Diphlu, and Mora Dhansiri flow through Kaziranga National Park. The national park's vast grasslands and beels (wetlands) are revitalised annually by the Brahmaputra's overflow.

- **Keibul Lamjao National Park**
- The **only floating national park in the world**, and an integral part of Loktak Lake
- Characterized by floating decomposed plant material locally called **phumdi**
- Flagship species of the park- Sangai or Eld's deer
- The distinctive nature of the park is that it is "too deep to be marsh, too shallow to be a lake"

Arunachal Pradesh

- **Namdapha National Park (TR)**
- The national park harbours the northernmost lowland evergreen rainforests in the world at 27°N latitude
- The Namdapha flying squirrel (*Biswamoyopterus biswasi*) was first collected in the park and described.
- It is endemic to the park and critically endangered
- Located between Mishmi Hills and the Patkai range. Noa Dihing River flows here.

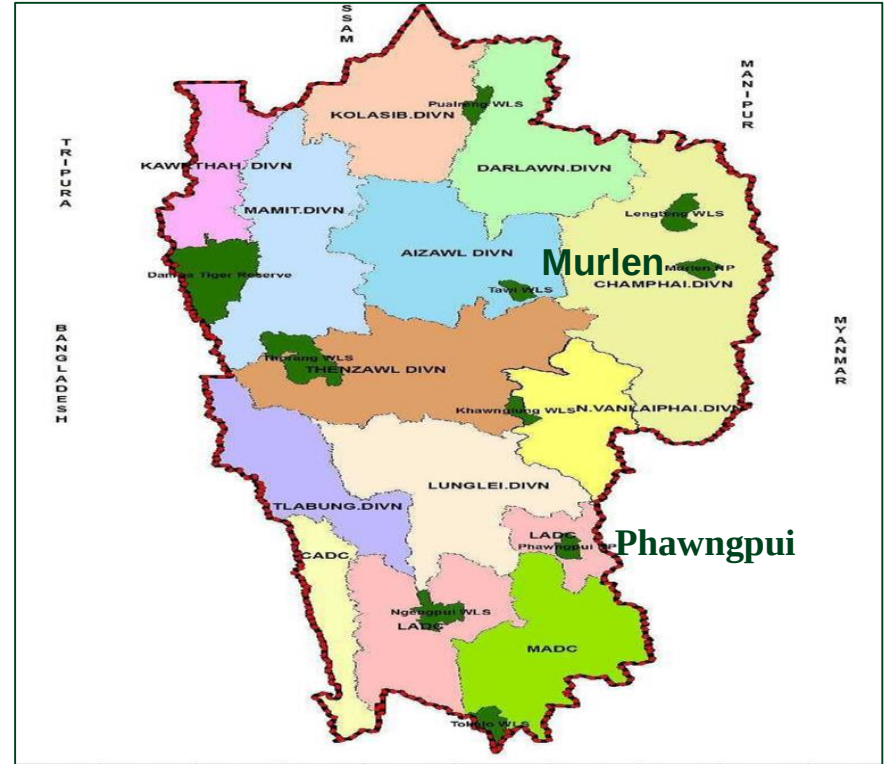

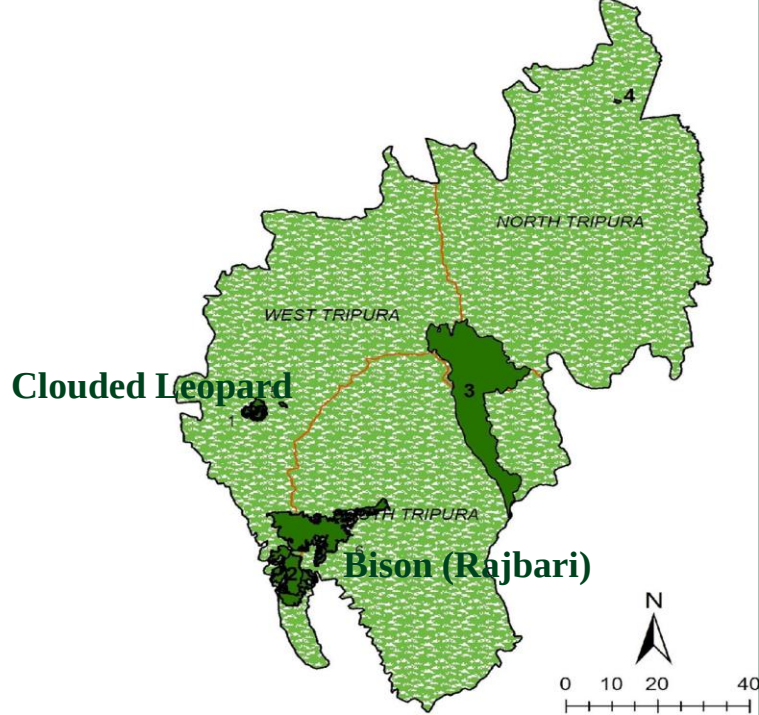

Arunachal Pradesh

- **Namdapha National Park**
- It is the largest protected area in the Eastern Himalaya biodiversity hotspot.
- Only park in the World to have the four Feline species of big cat, namely: **Tiger, Leopard, Snow Leopard and Clouded Leopard. Namdapha flying squirrel(CR)**
- The climate of this area varies from tropical to subtropical, temperate and arctic.
- Natural Heritage Site of UNESCO
- **Mouling National Park**

Mizoram and Tripura

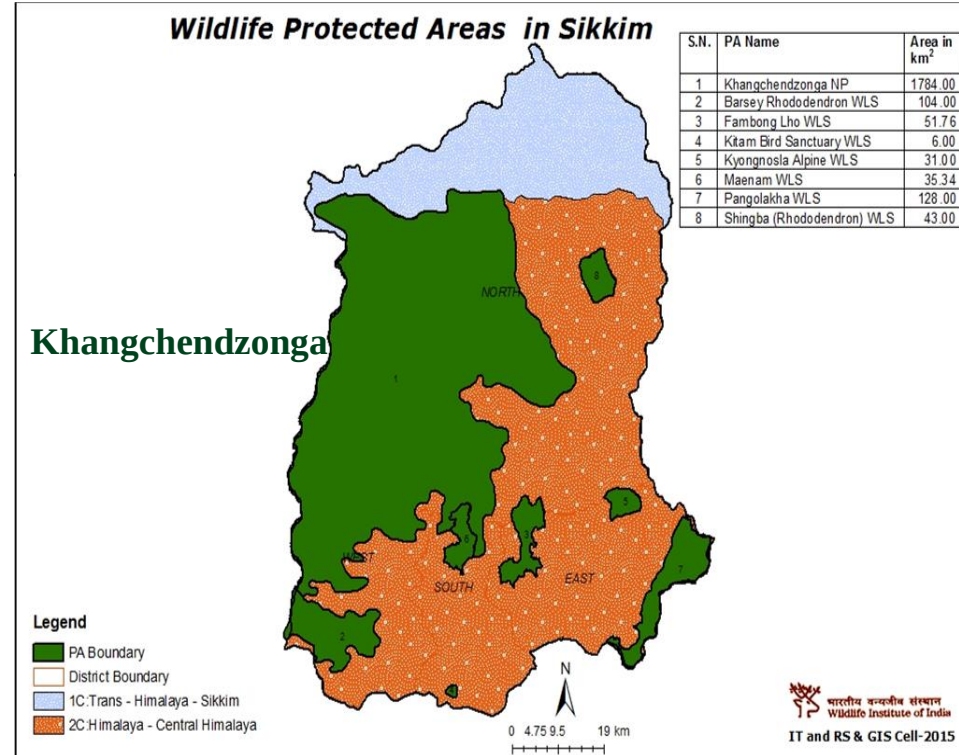

Wildlife Protected Areas in Tripura

- **Khangchendzonga National Park/Biosphere Reserve**
- It was inscribed to the UNESCO World Heritage Sites list in July 2016, becoming the first "Mixed Heritage" site of India. ("Mixed World Heritage Site" is conferred to those by UNESCO who fulfils the nomination criteria under both natural and cultural heritage.)
- Tholung Monastery located in the buffer zone
- Fauna- musk deer, Indian leopard, snow leopard, Himalayan tahr, red panda, Tibetan wild ass, Himalayan blue sheep
Lepcha tribal settlements inside the park.

Andhra Pradesh

- PaVeRS
- Papikonda NP
- Sri Venketeshwara NP
- Rajiv Gandhi NP
- Seshachalam BR

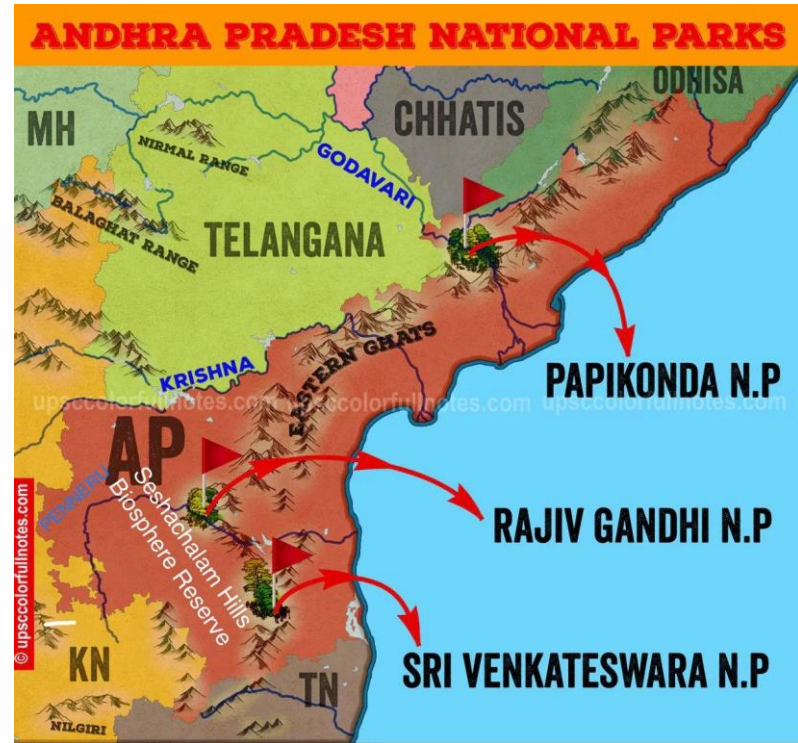

Andhra Pradesh

- **Papikonda National Park**
- The Godavari River bisects Papikonda National Park into northern and southern halves with an elevation gradient from 20-850 m at Bison Hill.
- A unique dwarf breed of Goat known locally as the “kanchu mekha” is found in this region.
- **Sri Venkateswara National Park**
- Moist-Deciduous Forest
- Mountain Range: Seshachalam and Tirumala hills
- Part of Seshachalam Hills Biosphere Reserve

Andhra Pradesh

- **Rajiv Gandhi National Park (Rameswaram National Park)**
- Penneru river flows through it.
- **Seshachalam Hills Biosphere Reserve**
- It has large reserves of red sandalwood.
- Tirupati, a major Hindu pilgrimage town is located in the hills.

Karnataka

- Anshi

Bannerghatta NP
Karnataka

- **Anshi National Park**
- Contiguous to Dandeli Wildlife Sanctuary and the Anshi National Park and the Dandeli Wildlife Sanctuary together have been declared as Dandeli-Anshi Tiger Reserve in the year 2007, which has been renamed as Kali Tiger Reserve.
- **Kudremukh National Park**
- This place is source of major rivers like Tunga, Bhadra and Nethravathi rivers.
- Wet evergreen forests and shola-grassland biome.
- Single largest contiguous populations of Lion Tailed Macaque.

- **Nagarhole National Park (TR)**
- Lakshmanatheertha in the North and Kabini in the South.
- Characterized by broad belts of marshy swamp grounds
- **Bandipur National Park (TR)**
- Part of the 5520.00 Sq. Km. Nilgiri Biosphere Reserve
- **Bannerghatta National Park**

Kerala

- Periyar National Park
- Eravikulam National Park
- Silent Valley National Park
- Mathikettan Shola National Park
- Anamudi Shola National Park
- Pambadum Shola National Park

YAAR
IRA,
SILENT hoke
SHOJA

- **Periyar National Park (TR)**
- Major part of the Periyar Tiger Reserve lies in the Anamalai-High Ranges.
- Anamalai is one of the centres in the Western Ghats with a high percentage of endemism. (Teak, Rosewood, Sandalwood, Salim Ali's fruit bat)
- Periyar River (Mullaperiyar dam) drains from north and Pamba (Sabrimala Temple on it) from south.
- **Eravikulam National Park**
- The land of “Neelakurinji”. (12 years bloom; Paliyan tribal people calculate age from it.)
- The highest peak of South India the Anamudi is located here.
- Nilgiri Tahr found here.

- **Silent Valley National Park**
- Kunthipuzha River passes through the river.
- **Mathikettan Shola National Park**
- Part of the Cardamom Hill Reserve
- **Anamudi Shola National Park**
- Vegetation comprises mostly of Sub-tropical Hill Forests, which gradually transform to the Montane Wet Temperate Forests towards the top.
- **Pambadum Shola National Park**

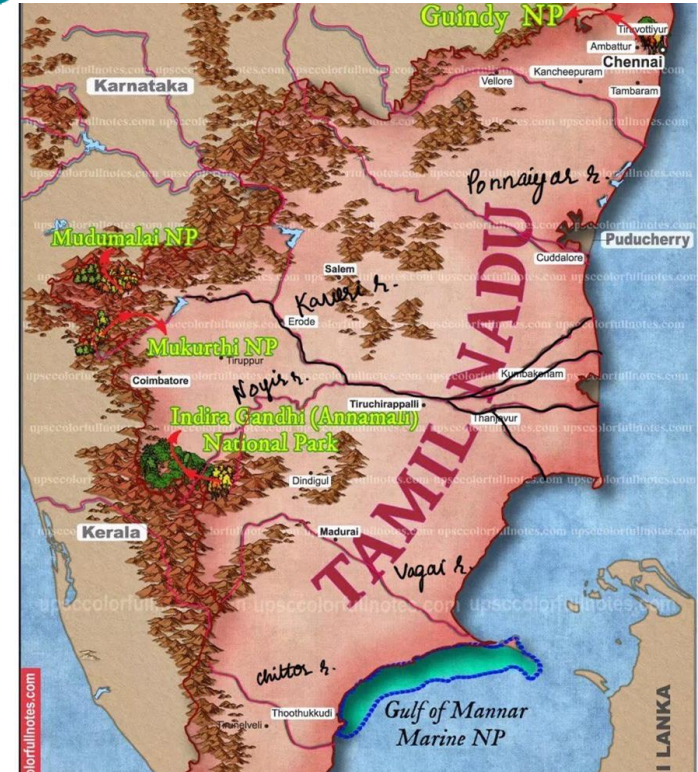

Tamil Nadu

- Guindy National Park
- Mudumalai National Park
- Indira Gandhi National Park (Anamalai TR)
- Mukurthi National Park
- Gulf of Mannar Marine National Park

Tamil Nadu

- **Guindy National Park**
- Tropical dry evergreen forest, Sapta Kannika Grove
- Gharial Captive Breeding
- **Mudumalai National Park (TR)**
- Endemic fish species namely, Puntius mudumalaiensis and White Backed Vultures and Long Billed Vulture (CR)
- Newly captured and reintroduced wild elephant PM2 (Pandalur Makhna) in MTR is adapting to new habitat.
- Shares boundary with Wayanad Wildlife Sanctuary (Kerala) on West, Bandipur Tiger Reserve (Karnataka) on North. Part of the Nilgiris Biosphere Reserve. Moyar river.
- Among the 14 tiger reserves in India under CA/TS.

Tamil Nadu

- **Indira Gandhi National Park (Anamalai TR)**
- **6 Tribes:** Kadar, Malasar, Malaimalasar, Pulaiyar, Muduvar, Eravallur
- Semi-evergreen Sholas (Tahr, Lion Tailed Macaque)
- **Mukurthi National Park**
- Mountain Grassland Shola
- Created to protect the Nilgiri Tahr
- **Gulf of Mannar Marine National Park**
- Mangroves, Coral Reefs, Dugong, Humpback Whale

Telangana

- **Kasu Brahmananda Reddy National Park**
- Located in Jubilee Hills and Banjara Hills in Hyderabad
- **Mahavir Harina Vanasthali National Park**
- It is deer national park located in Hyderabad
- **Mrugavani National Park**

Maharashtra

- **Sanjay Gandhi (Borivali) National Park**
- Within Mumbai Metropolis
- Kanheri Caves: Buddhist Learning Center
- Important Bird Areas (IBA) of the State.
- **Karvi Shrub:** Lavender Bloom once in 8 years
- **Chandoli National Park**
- The Park together with the adjacent Koyna wildlife sanctuary has been brought under a Tiger Reserve called 'Sahyadri Tiger Reserve'

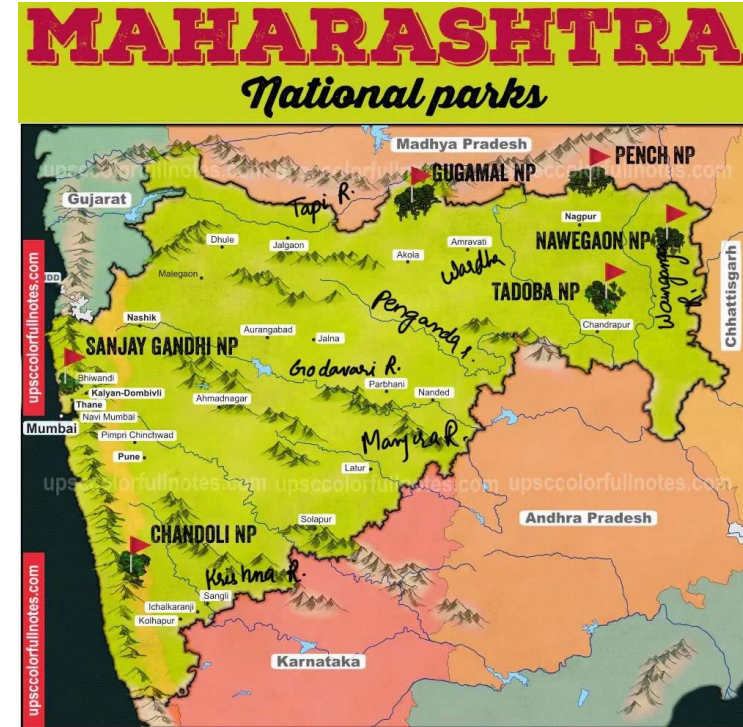

Maharashtra

- **Navegaon National Park (TR)**
- **Pench National Park (Jawaharlal Nehru Pench NP) (TR)**
- Also a TR.
- It is on the border of Maharashtra and Madhya Pradesh.
- Derived its name from the Pench river
- Mentioned by the famous Rudyard Kipling in his book 'The Jungle book'

- **Gugamal National Park**
- It is part of Melghat TR.
- It is located in the Amravati region. Tapi River and Gawilgarh Hills (of Satpura Range) form its northern boundary.
- **Tadoba National Park (Tadoba-Andhari Tiger Reserve)**
- Andhari river (tributary of Weinganga) flows through it.

Madhya Pradesh

- **Madhav national park**
- It is situated in the central highlands of India, intersecting with the upper parts of the Vindhya hills.
- Sakhya Sagar and Madhav Sagar are the two crucial lakes in the national park.
- Sakhya Sagar lake has an abundant population of marsh crocodiles.
- Tigers are being reintroduced (from Panna, Bandhavgarh and Satpura National Parks.) more than six decades after they were last seen there in 1960s
- **Panna National Park (TR) (COVERED under Biosphere Reserves)**

Madhya Pradesh

- **Bandhavgarh national park (TR)**
- More than 20 luminous streams out of which some of the most important streams are Johilla, janadh, etc. (merge into the son river)

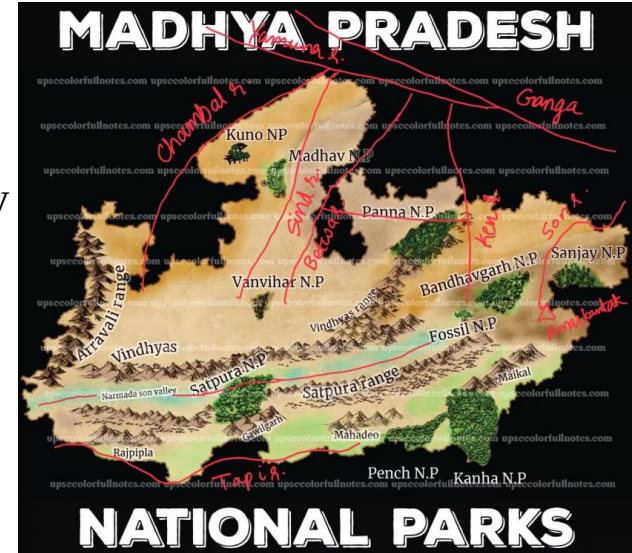

Madhya Pradesh

- **Satpura National Park (TR)**
- It is also a tiger reserve and first biosphere reserve of MP.
- The Satpura National Park is considered the northern extremity of the Western Ghats.
- **Van vihar national park**
- **Kuno National Park**
- The Kuno River (tributary of the Chambal River), flows here.
- The Kuno can carry populations of all four of India's big cats, the tiger, the leopard, the Asiatic lion and cheetah. (Cheetah Reintroduction)
- Only wildlife site in the country with a complete incentivized voluntary relocation of villages from inside the park.

Environment & Ecology by Dr. Shivin Chaudhary

Madhya Pradesh

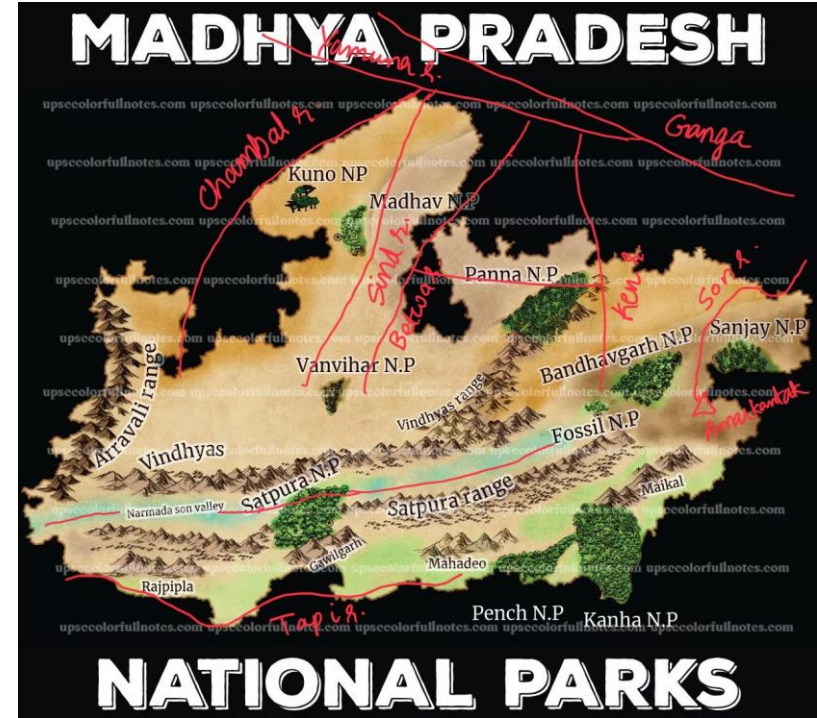

- **Kanha National Park (TR)**
- It is also a tiger reserve.
- Situated in the Maikal range of Satpuras.
- Located in Central India, it experiences a tropical monsoonal climate.
- The state animal of Madhya Pradesh, the Hard Ground **Barasingha**, is found exclusively in the Kanha Tiger Reserve.
- Tribes displaced from the region: **Baiga tribe**

Madhya Pradesh

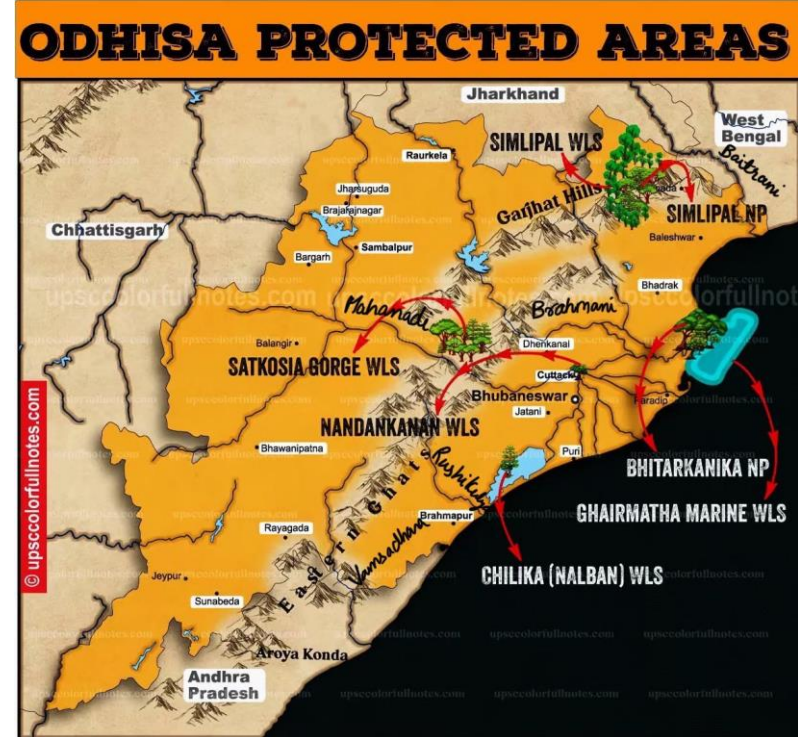

- **Dindori Plant Fossil national park**
- **Ghughwa or Dinosaur Fossil National Park**
- **Sanjay national park**
- It was carved into two when Chhattisgarh came into existence in 2000. The area which went to the Chhattisgarh administration is now known as the Guru Ghasidas National Park.

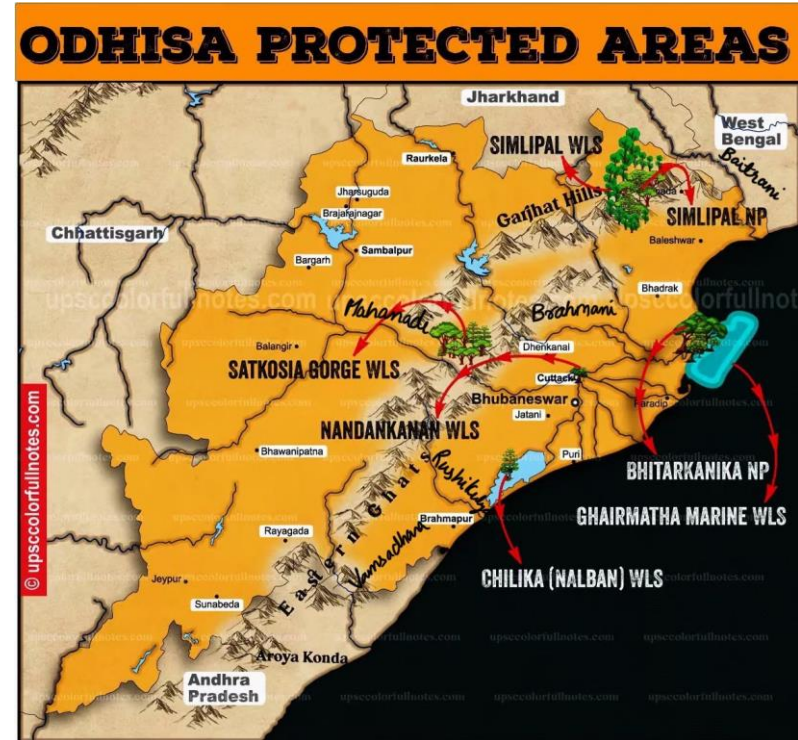

Odisha

DISHA aur : ODISHA
KANIKA ke saath ke : BHITARKANIKI
PAL : SIMLIPAL

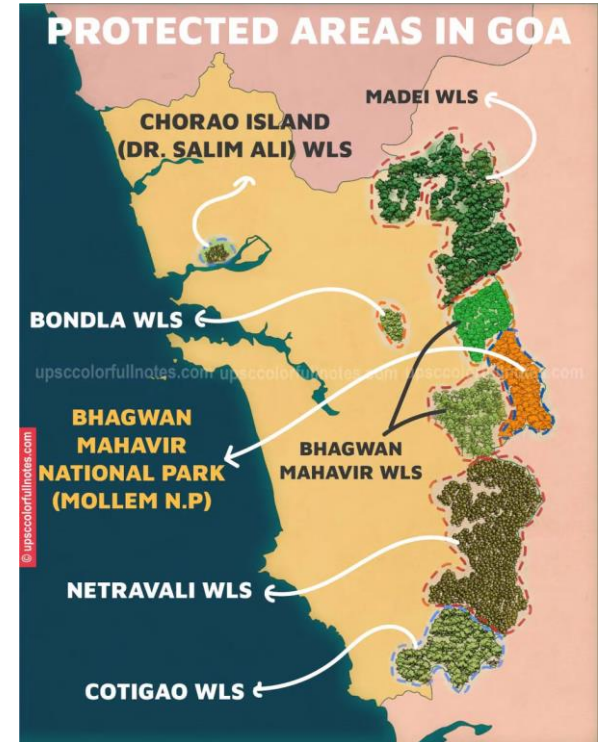

- **Bhitarkanika National Park (RS)**
- Second largest mangrove site in India.
- Gahirmatha Marine Wildlife Sanctuary
- Largest population of the endangered Saltwater crocodiles in India.
- Located in the estuary of Brahmani, Baitarani, Dhamra & Mahanadi river systems.
- It has India's Largest Heronry (a breeding colony of herons).
- It is second-largest mangrove forest in India (after the Sundarbans).

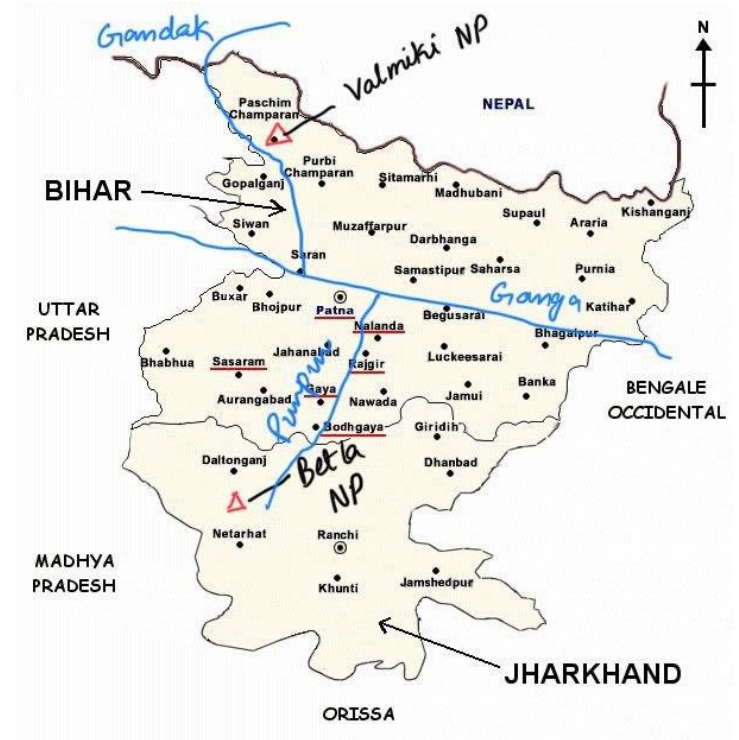

- # ODHISA PROTECTED AREAS
-

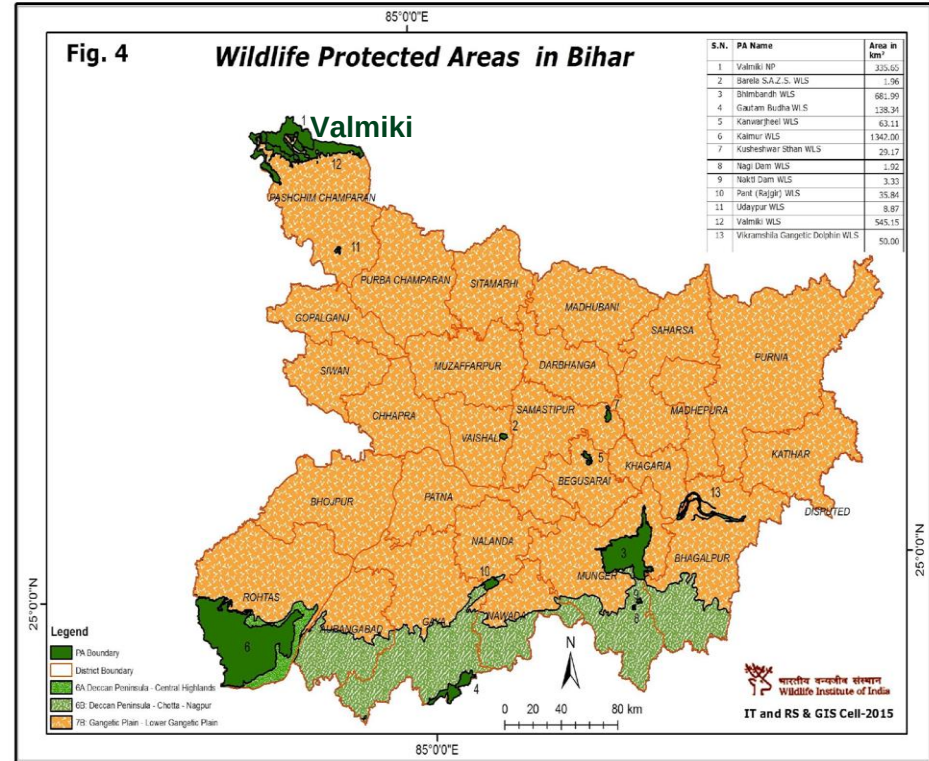

- **Mollem National Park or Bhagwan Mahavir Wildlife Sanctuary**
- MoEFCC has recently granted permission for clearance of 140 hectares of forest area in Mollem national park for the passage of double tracked railway project.
- “Save Mollem” movement

- **Betla National Park**
- Located on the Chota Nagpur Plateau
- North Koel River and its tributaries flow through the northern portion of the park.

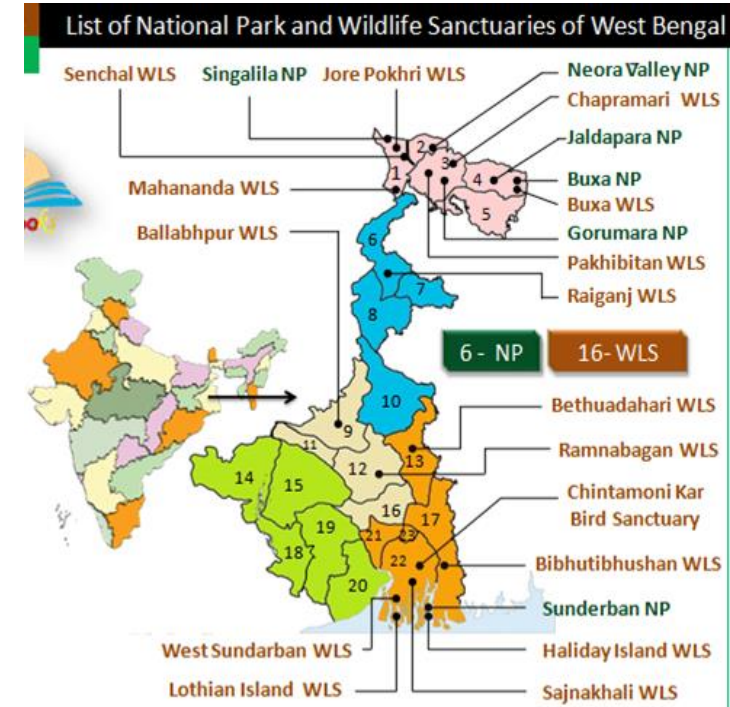

- **Valmiki National Park (TR)**
 - Location: Along the international border with Nepal and contiguous with Nepal's Chitwan National Park to the north
 - Only protected area where Gaur is found in the Shivaliks and Gangetic plains landscape
 - Among the 14 tiger reserves in India which received accreditation of Global Conservation Assured Tiger Standards (CA|TS).
 - Rivers: **Gandak River** on the West boundary

West Bengal

West Bengal

- **Sundarban NP (TR)**
- Largest delta (Ganges Delta) and mangrove forest in the world.
- Rivers: Muriganga (West) and Harinbhadra and Raimangal. (East)
- It is also a BR, TR, RS and a **UNESCO World Heritage Site**.
- Vegetation: Mangrove forests (Sundarbans has achieved its name from the Sundari mangrove tree).
- Major Fauna: Royal Bengal Tiger, saltwater crocodile, river terrapin, mangrove horseshoe crab.

West Bengal

- **Neora Valley National Park**
- Clouded Leopard
- Red Panda
- **Singalila NP, Jalprada NP**
- **Buxa National Park (Tiger Reserve)**
- Fauna: Black necked crane
- Bhabhar (Terai)
- Clouded Leopard
- **Gorumara NP**

Chattisgarh

- **Guru Ghasidas National Park.**
- It is located on the Chota Nagpur plateau and a portion of the Baghelkhand plateau, bordering Madhya Pradesh and Jharkhand.
- The forest is moist deciduous and dominated by Sal.
- **Indravati National Park (TR)**
- Indravati River flows through this NP.
- Dry/ Moist Deciduous Forest
- Wild Asian Buffalo
- Nilgai, Gaur

Chhattisgarh

- **Kangerghati NP**
- Chhattisgarh recognized community forest rights of the tribals of the Kanger Ghati National Park. (2nd protected area in the country, after Simlipal in Odisha to recognize CFR rights)
- **River:** Kangar
- **Home to three exceptional caves:** Kutumbasar, Kailash and Dandak (with Stellagmites and Stalactitees structures). Also Tirathgarh Waterfall is located in the park.
- Bastar Maina (State Bird of Chhattisgarh State), which is capable of emulating the human voices found here.

- **Hemis National Park**
- Largest national park
- One of the most important natural habitats for the snow leopard
- Other fauna- Tibetan wolf, Eurasian brown bear, red fox, Himalayan marmot, **Argali or the great Tibetan sheep, bharal or the blue sheep**

Jammu and Kashmir

- **Kishtwar NP**
- It is bounded to the north by Rinnay River, south by Kibar Nala catchment, east by main divide of Great Himalayas and west by Marwah River.
- **Dachigam NP**
- It is located in the Zabarwan Range of Western Himlayas.
- **Major Fauna:** Kashmiri stag (**hangul**) (CR), musk deer (EN), Himalayan serow, Kashmir grey langur, Himalayan black bear, Himalayan brown bear.

Jammu and Kashmir

- **City Forest (Salim Ali) NP**
- Located in Srinagar, the park is named to commemorate the Indian ornithologist Salim Ali.
- **Salim Ali (1896-1987)**
- Salim Ali, an Indian ornithologist, was the first Indian to conduct systematic bird surveys across India. He was a key figure behind the Bombay Natural History Society and creation of the Bharatpur BS (Keoladeo NP).
- **Kazinag NP**

Uttarakhand

- **Gangotri NP (Musk Deer) and Govind Pashu Vihar NP**
- **Corbett National Park (TR)**
- Oldest National Park and 1st Tiger Reserve
- Elephants, tigers, leopards, deer, and birds.
- Patli Dun valley formed by the Ramganga river lies inside the park.
- Dense moist deciduous forest mainly consists of Sal, Haldu, Peepal, Rohini, mango trees. etc.
- Highest density of tigers among TRs

- **Corbett National Park**
- Its core area is formed by Jim Corbett NP, while the buffer contains Sonanadi WLS.
- Ramganga, Sonanadi and Kosi are the major rivers flowing through the NP.
- It is one of the thirteen protected areas covered by the Worldwide Fund For Nature under their Terai Arc Landscape Program
- The Terai Arc Landscape consists of Corbett TR, Rajaji NP, Dudhwa TR, Valmiki TR and Nepal's Bardia WLS, Chitwan NP, and Sukhla Phanta WLS. It has 13 Protected Areas, India(9) and Nepal (4).

- **Rajaji NP (TR) (Ganga river)**
- **Nanda Devi BR, NP**
- It is India's second BR and it is under UNESCO's Man & Biosphere Programme and UNESCO World Heritage Site.
- It's core area is formed by Nanda Devi NP and Valley of Flowers NP.
- Within the NP lies the Nanda Devi Sanctuary, a glacial basin surrounded by a ring of peaks.
- Nandakini river flows here.

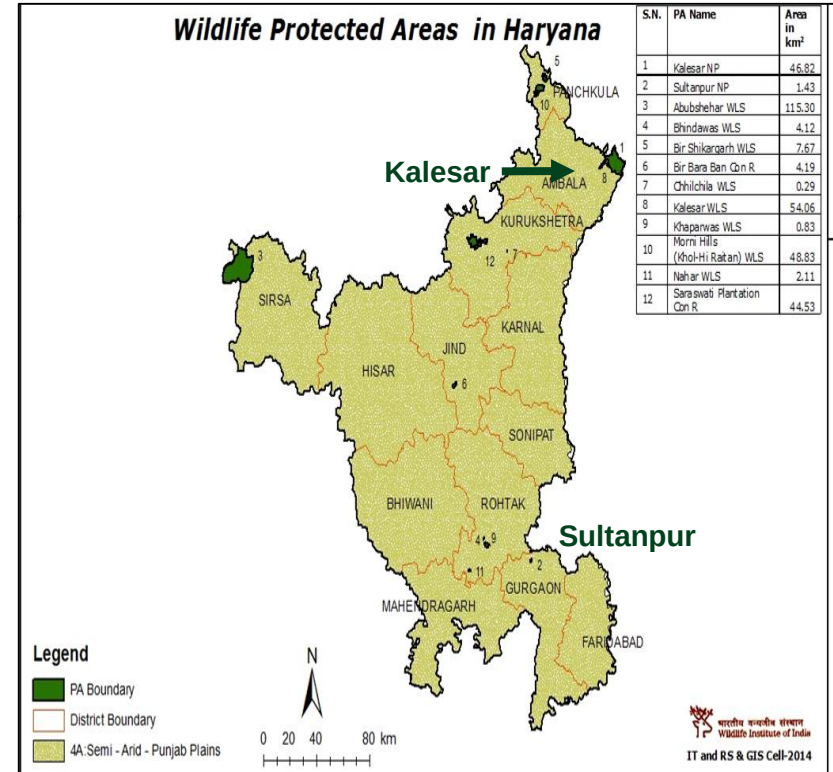

- **Valley of Flowers NP**
- It is a high altitude Himalayan valley in the transition zone between Zaskar and Great Himalayas.
- It is known for its meadows of endemic alpine flowers.
- Both the Valley of Flowers NP and the Nanda Devi NP forms the core area of Nanda Devi BR.
- **Vegetation:** Alpine vegetation.

Haryana and Uttar Pradesh

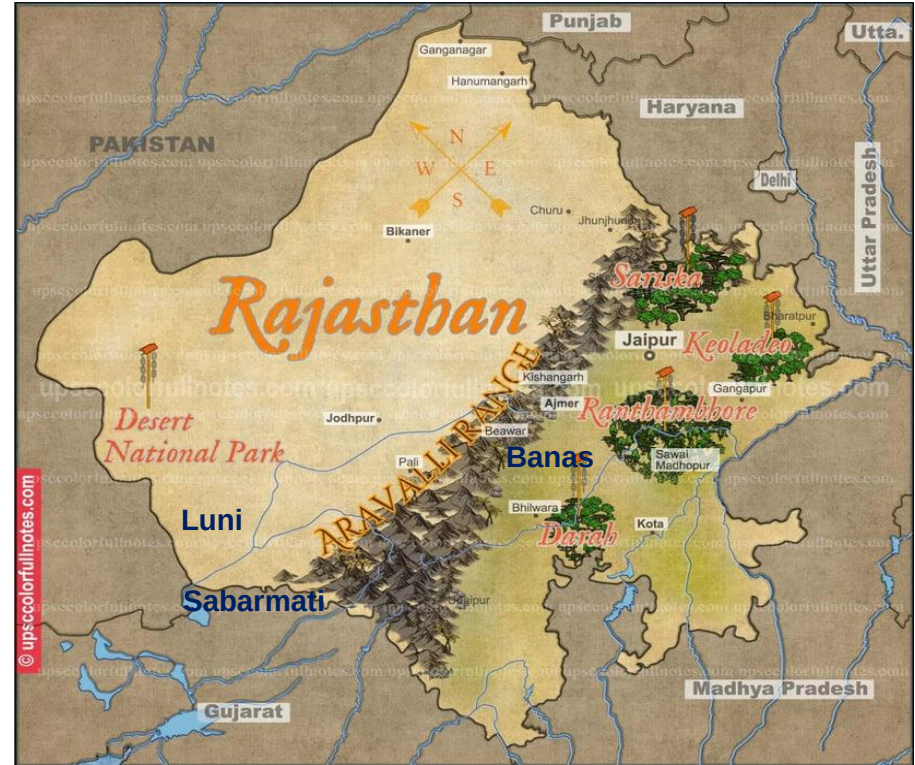

- **Kalesar NP, WLS**
- It is located on the Siwalik foothills. It is contiguous to Rajaji NP (Uttarakhand) and Simbalbara NP (Himachal Pradesh).
- **Sultanpur NP**
- It is a Ramsar Site located 15 km from Gurugram.
- The park is famous for migratory birds

-

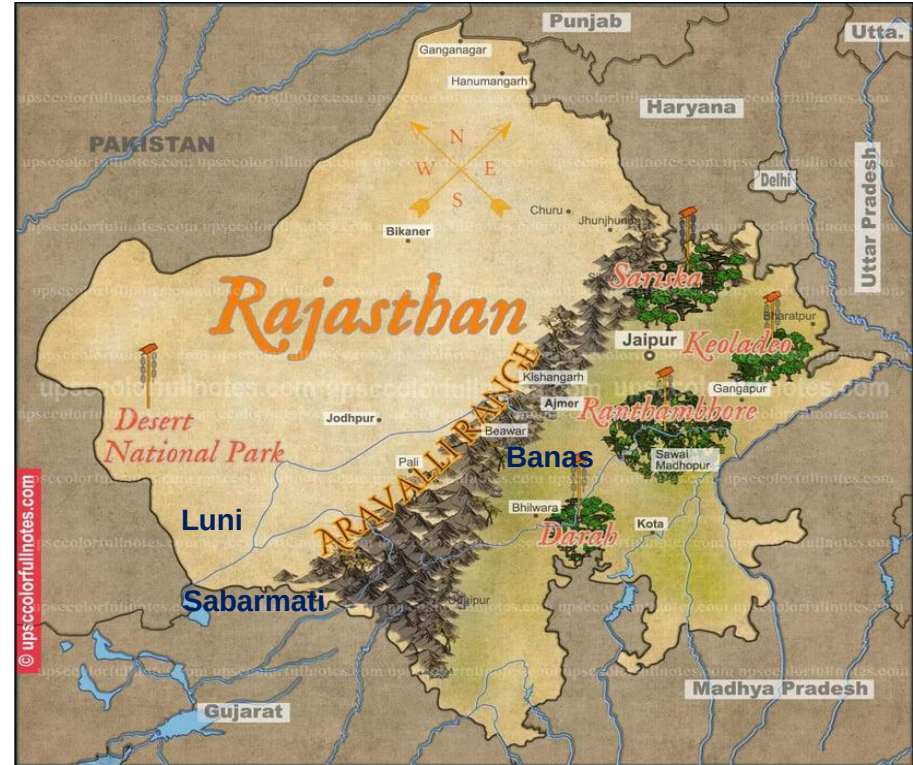

Rajasthan

- Desert National Park
- Ranthambore
- Sariska
- Keoladeo Ghana
- Mukundra Hills

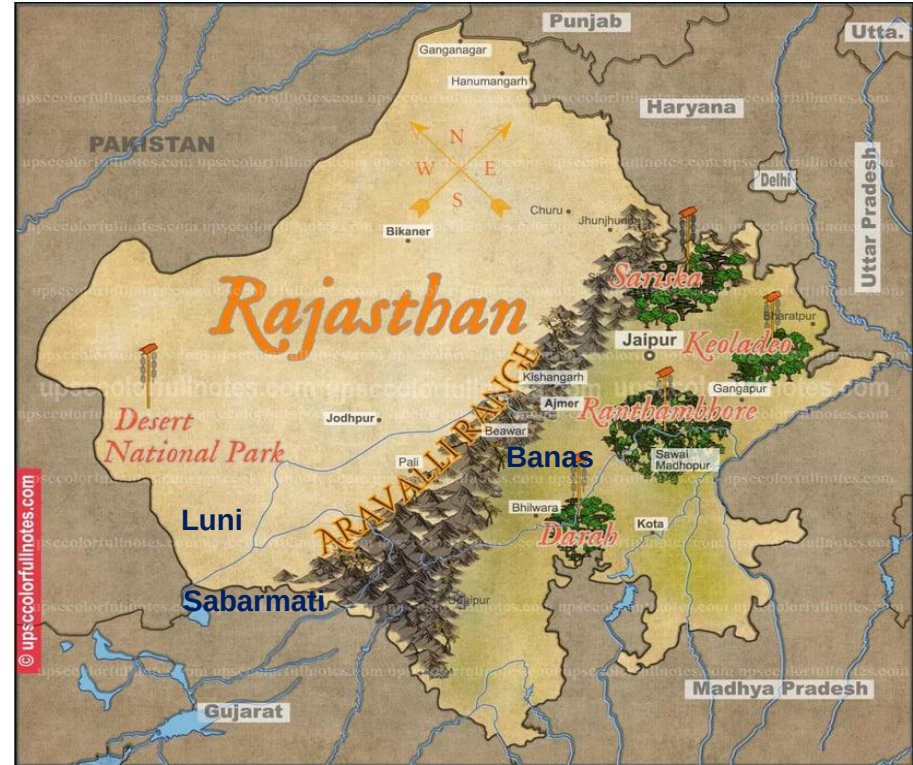

Rajasthan

- **Desert National Park**
- Located in Jaisalmer and Barmer distt
- Sand dunes in the western parts and rocky and gravelly area in the remaining park area.
- There are 73 village settlements or DHANIS inside the DNP
- Only place where Rajasthan State Bird (Great Indian Bustard), State animal (Chinkara) and State tree (Khejri) and State flower (Rohida) are found naturally. Khejri tree revered and protected by the local communities specially the 'Bishnois'.

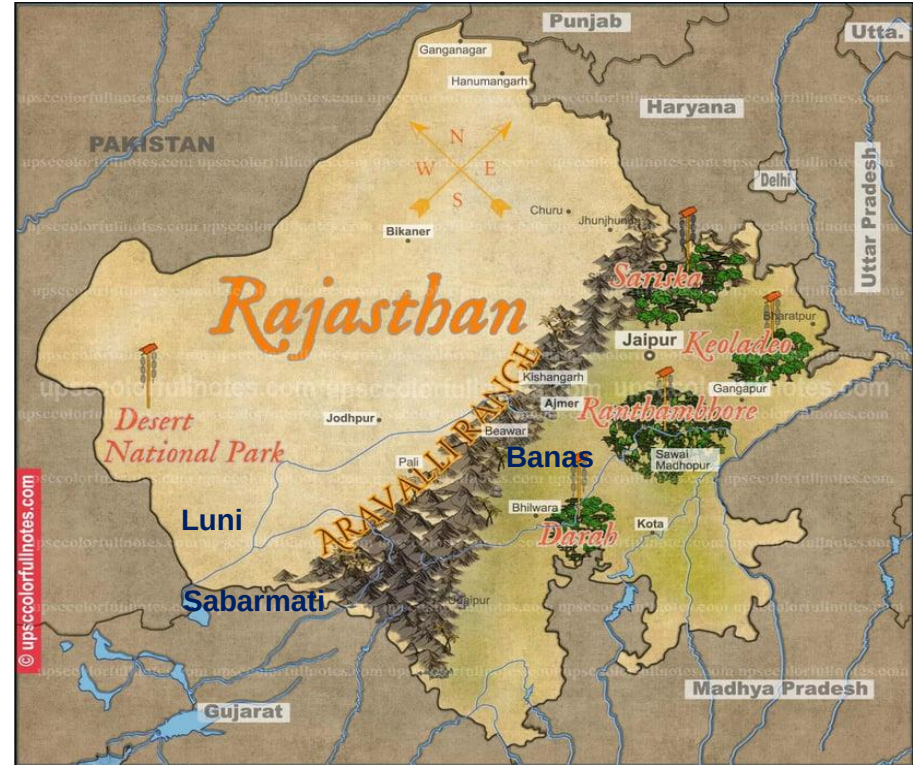

Rajasthan

- **Ranthambhore NP, TR**
- It is bounded to the north by the Banas River and to the south by the Chambal River.
- **Sariska NP, TR**
- It is a part of the Aravalli Range and the Kathiawar-Gir dry deciduous forests' ecoregion. It is rich in mineral resources, such as copper.

Rajasthan

- **Keoladeo Ghana NP, RS (WHS (N))**
- Formerly known as Bharatpur BS, it is a freshwater swamp.
- It is a Ramsar Site and UNESCO World Heritage Site. (Montreux Protocol)
- It is the only regular wintering area in India for the Siberian crane (CR).
- **Mukundra Hills NP, TR**
- It is located within the Kathiawar-Gir dry deciduous forests ecoregion.
- It was one of the places which were considered for the reintroduction of the Asiatic lion.

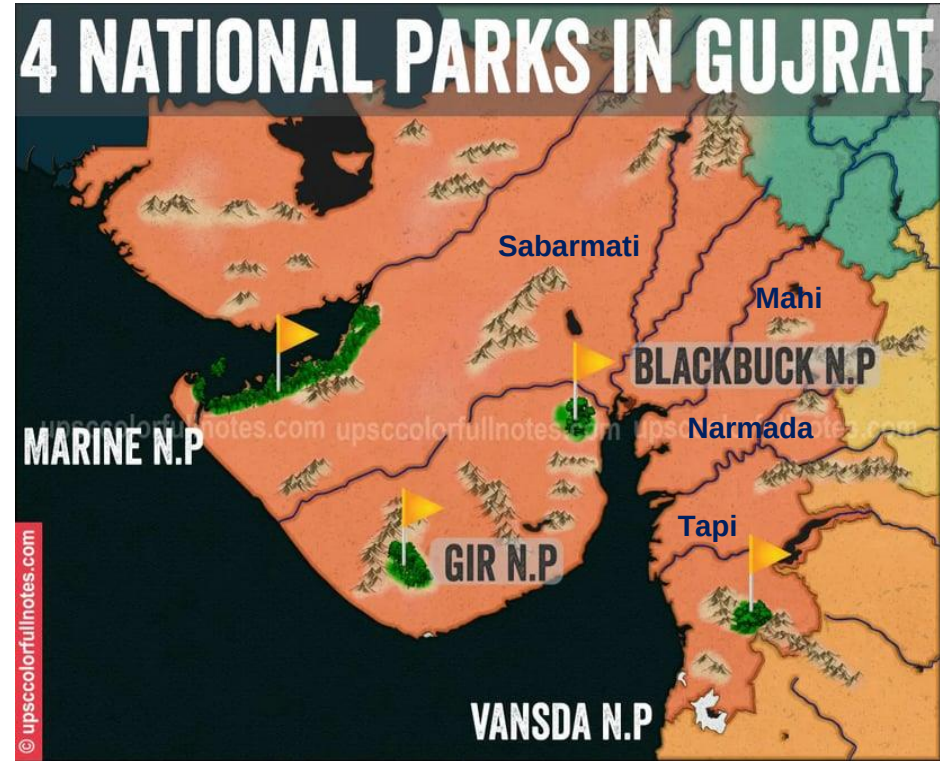

Gujarat

- Vansda National Park
- Marine National Park
- Blackbuck National Park
- Gir National Park

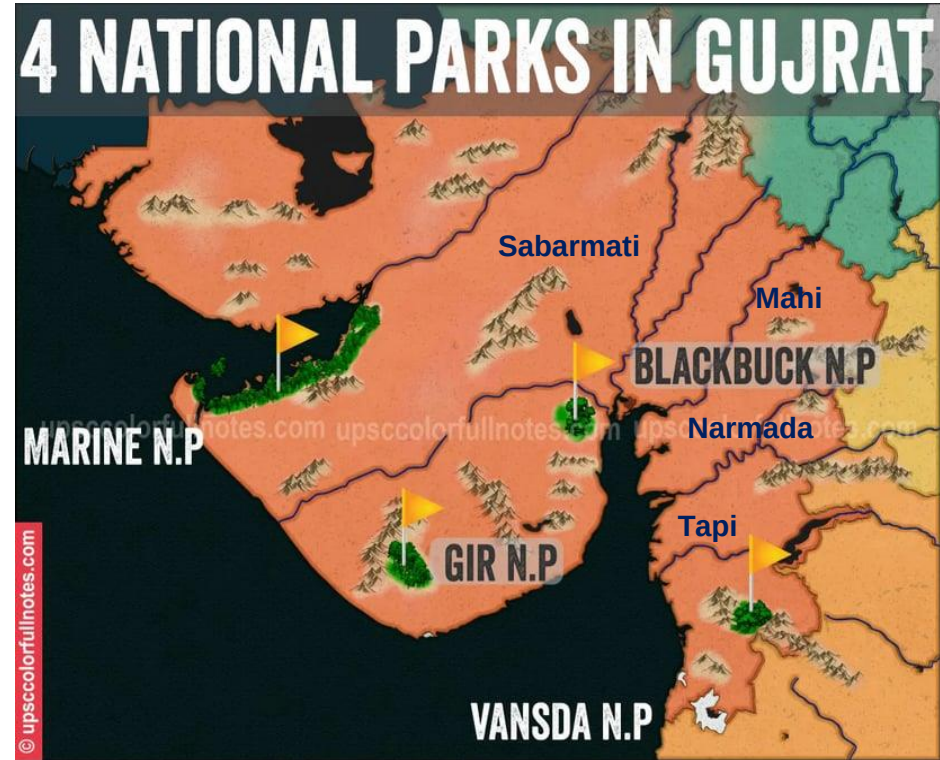

Van (Vansda) ki takkar se
Marine Drive pe
Blackbuck
Gir gya

- **Vansda (Bansda) NP**
- It is located on the banks of Ambika River in the Western Ghats.
- **Marine NP (Gulf of Kachchh)**
- Marine NP (Gulf of Kutch) is situated in the Dwarka area. (Biorock project started here)
- **Blackbuck (Velavadar) NP**
- It is located in the Bhal region of Saurashtra. It is bordered by the Gulf of Khambhat on the south.
- Vegetation: Savanna grassland.

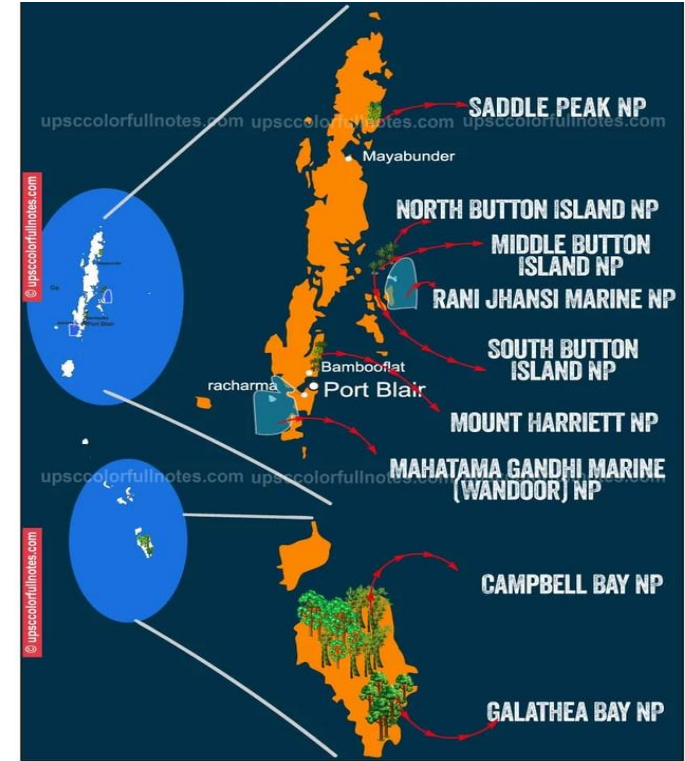

- **Gir National Park**
- Only place in the world where we can see the Asian Lions are found
- The Maldharies community of tribals (the Grazers) have been an integral part of Gir for the last 175 years.
- Dry deciduous forest

Andaman and Nicobar Islands

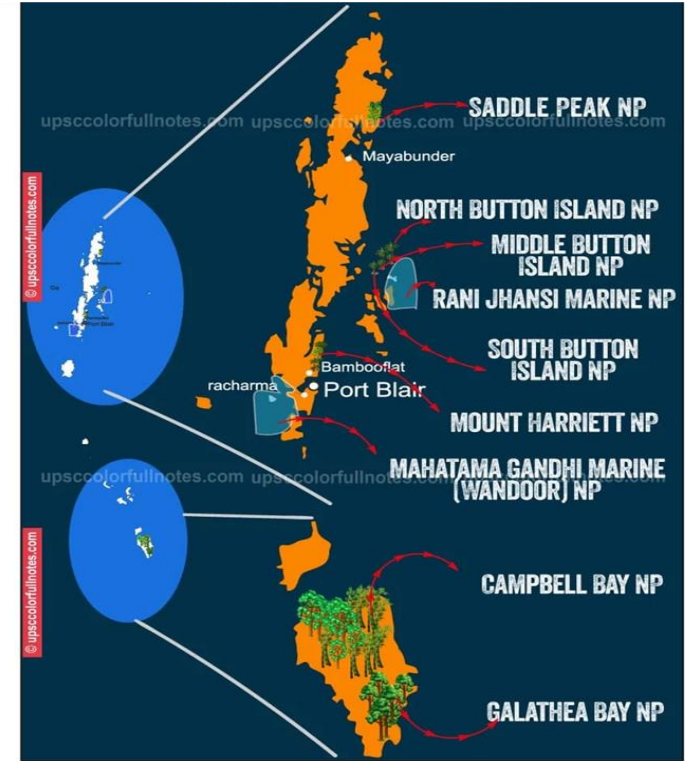

- **KAANPTE huee MAHATMA ke GALE main BUTTON wali SANDLE dekh ke RANI ko हैरत hui.**
- **Campbell Bay NP**
- **Mahatma Gandhi Marine NP**
- **Galathea Bay**
- **North Button Island NP, Middle Button Island NP and South Button Island NP**
- **Saddle Peak**
- **Rani Jhansi**
- **Mount Harriett**

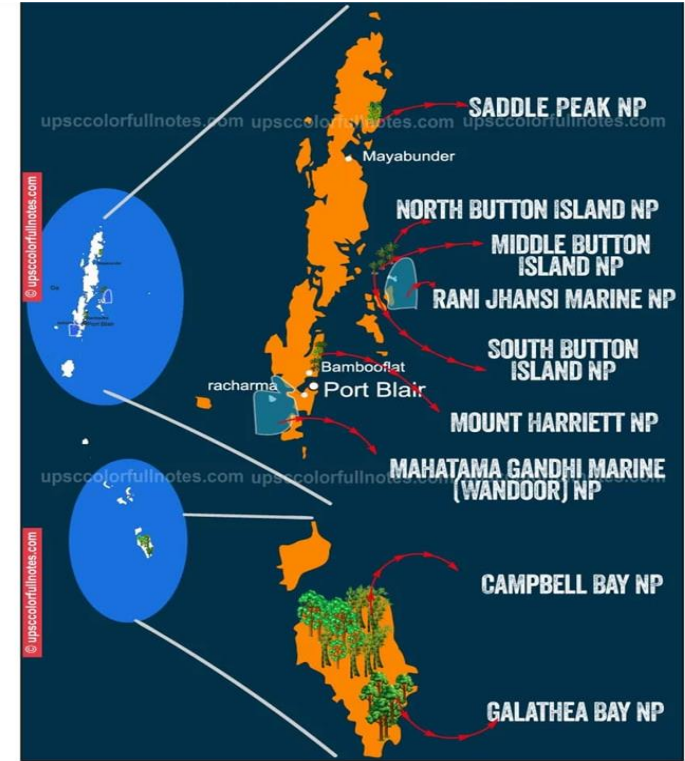

Andaman and Nicobar Islands

- **Campbell Bay NP**
- It forms part of the Great Nicobar Biosphere Reserve.
- It is separated from the smaller Galathea National Park by a 12-km wide forest buffer zone.
- **Mahatma Gandhi Marine NP (South Andaman)**
- It is located in South Andaman.
- It was declared a NP to protect mangroves, corals and nesting sea turtles. Most of the coral reefs in the park are fringing reefs.

Andaman and Nicobar Islands

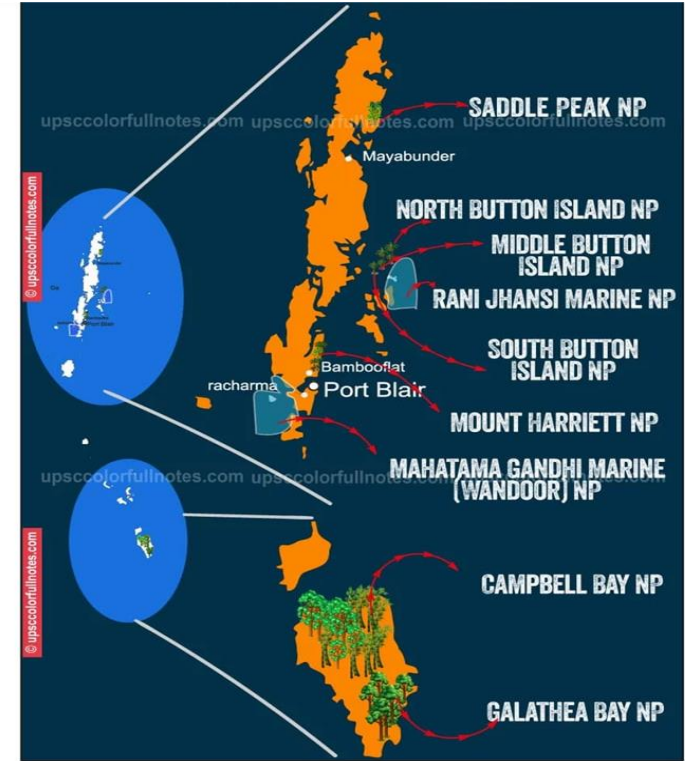

- **Galathea Bay NP**
- It is a part of the Great Nicobar BR.
- Galathea NP is the southernmost NP of India.
- Tropical evergreen & semi-evergreen forests.
- Turtle species: Olive Ridley, Leatherback, Malayan box and Giant Leatherback
- **North Button Island NP, Middle Button Island NP and South Button Island NP**
- **Saddle Peak NP**
- It is the highest point of A&N Islands.

Andaman and Nicobar Islands

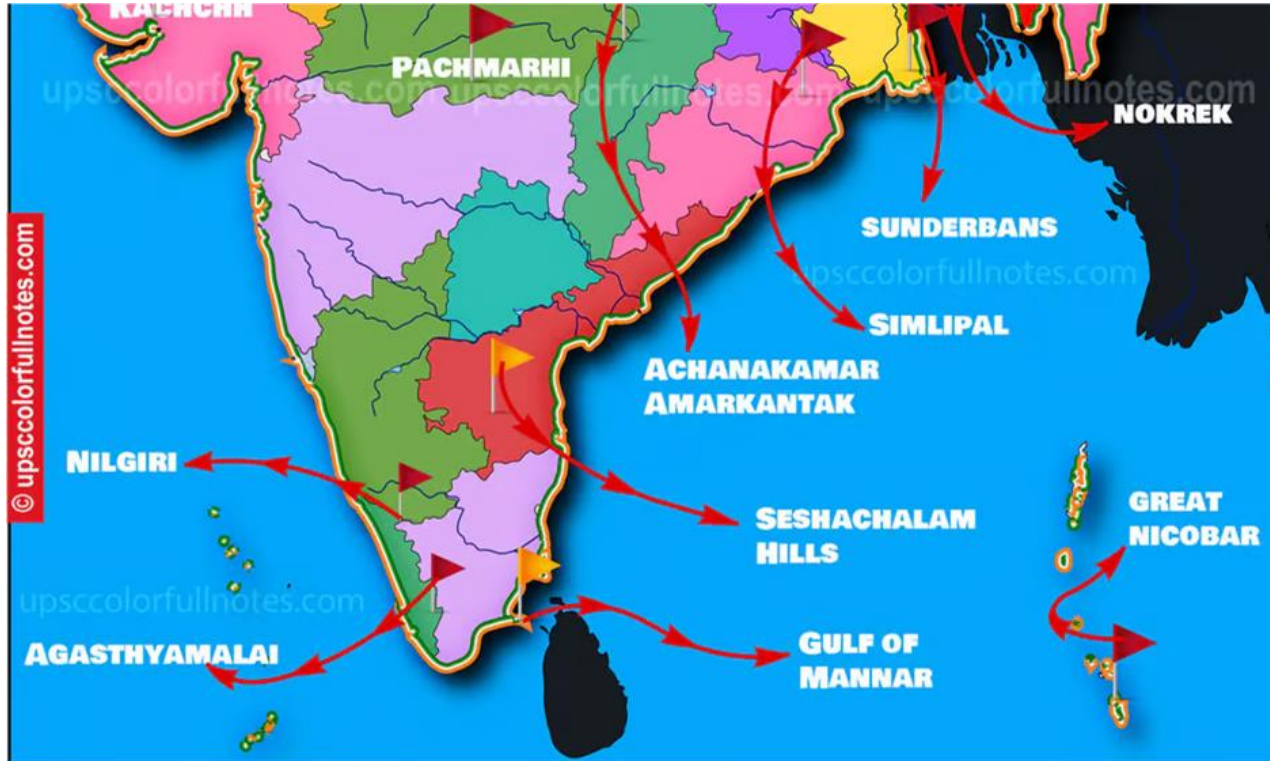

- **Rani Jhansi Marine NP**
- It is located in Ritchie's Archipelago, South Andaman.
- Mangroves and evergreen forests.
- The main attraction of the park is a fruit-eating bat. It plays a major role in the ecosystem because it pollinates plants and scatters seeds.
- Major Marine Fauna: Dugongs, blue whales and corals.
- **Mount Harriett NP (Mount Manipur NP)**
- Third-highest peak in the A&N archipelago. (Near Port Blair in South Andaman.)
- It is renamed Mount Manipur NP in honour of Manipur's freedom fighters who were imprisoned there.

Biosphere Reserves

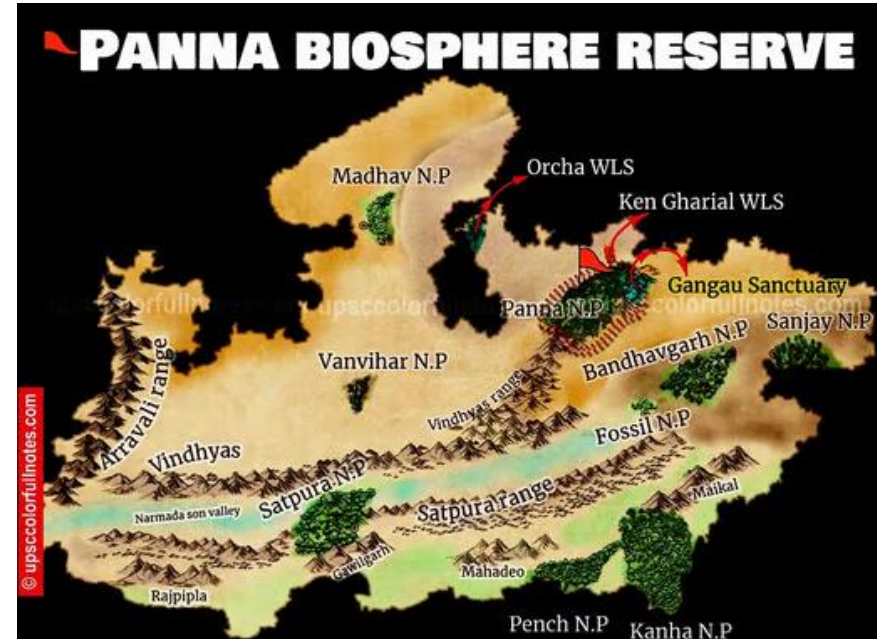

Biosphere Reserves

Biosphere Reserves

Panna Biosphere Reserve/ TR/ NP

- UNESCO) has included the Panna Biosphere Reserve (PBR) in its World Network of Biosphere Reserves (WNBR)
- The PBR is the third in Madhya Pradesh to be included in the list after Pachmarhi and Amarkantak.
- It is situated in the Vindhya mountain range in the northern part of Madhya Pradesh.
- Ken River flows through the reserve and the Ken-Betwa river interlinking project will also be located in it.
- The region is also famous for Panna diamond mining.

Tiger Reserves

- **Total:54** (Ranipur Tiger Reserve)
- **Jim Corbett Tiger Reserve**
- Largest Tiger density in the world.
- River Ramganga, a tributary of river Ganga flows here.

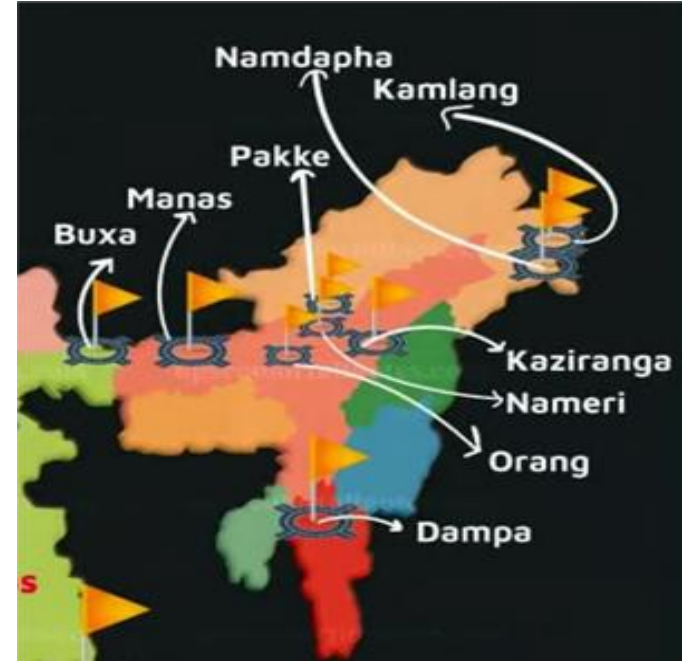

Tiger Reserves

- **Rajaji, Pilibhit, Dudhwa, Corbett:**
Second Largest Contiguous Population.
- **Pilibhit TR**
- Forms part of the Terai Arc Landscape
- River Sharda and Ghaghara

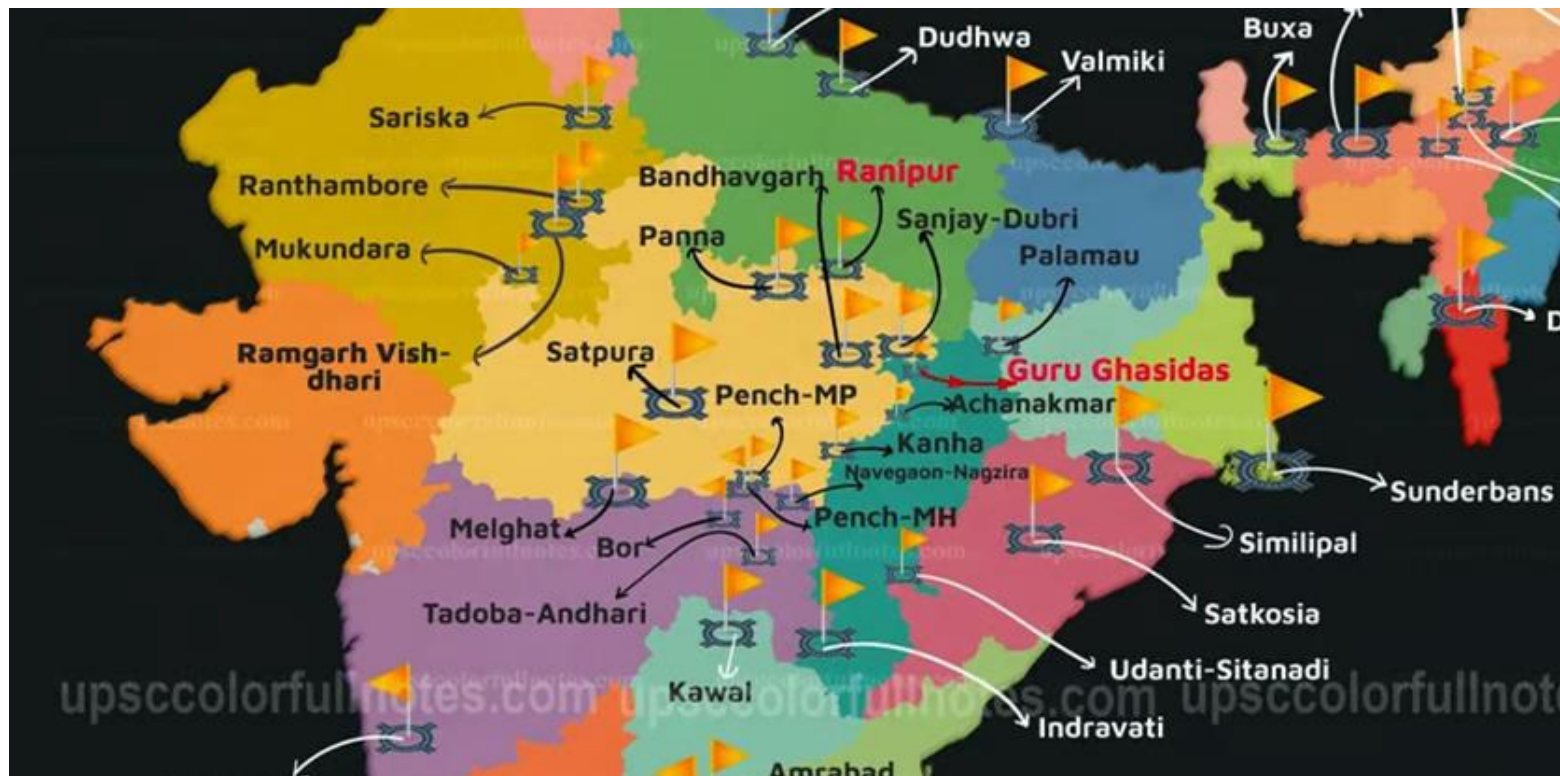

Tiger Reserves

- **Pakke (Pakhui) TR**
- It lies in the foothills of the Eastern Himalaya.
- Rivers: Kameng River (west) and north, and by Pakke River (east).
- To the south, the sanctuary adjoins Assam's Nameri NP and to the west, it is bounded by Eaglenest WLS and Sessa Orchid Sanctuary.
- It is known for its **Hornbill Nest Adoption Programme**.
- The Hornbill Nest Adoption Program (HNAP) is a community-based conservation initiative that was started in 2012 to protect hornbills and hornbill nest trees/habitat. The program is based on the concept of “shared parenting”:

Tiger Reserves

Recently Declared Tiger Reserves

- **Ramgarh Vishdhari Tiger Reserve**
- Rajasthan Government has notified the Ramgarh Vishdhari Wildlife Sanctuary as a tiger reserve as 4th Tiger Reserve of Rajasthan.
- It serves as a tiger corridor between Ranthambore Tiger Reserve and Mukundra Hills Tiger Reserve. River: Mez, a tributary of Chambal river.

- **Ranipur Tiger Reserve**
- India's 53rd tiger reserve in Ranipur Wildlife Sanctuary in UP.
- Tropical dry deciduous forests.

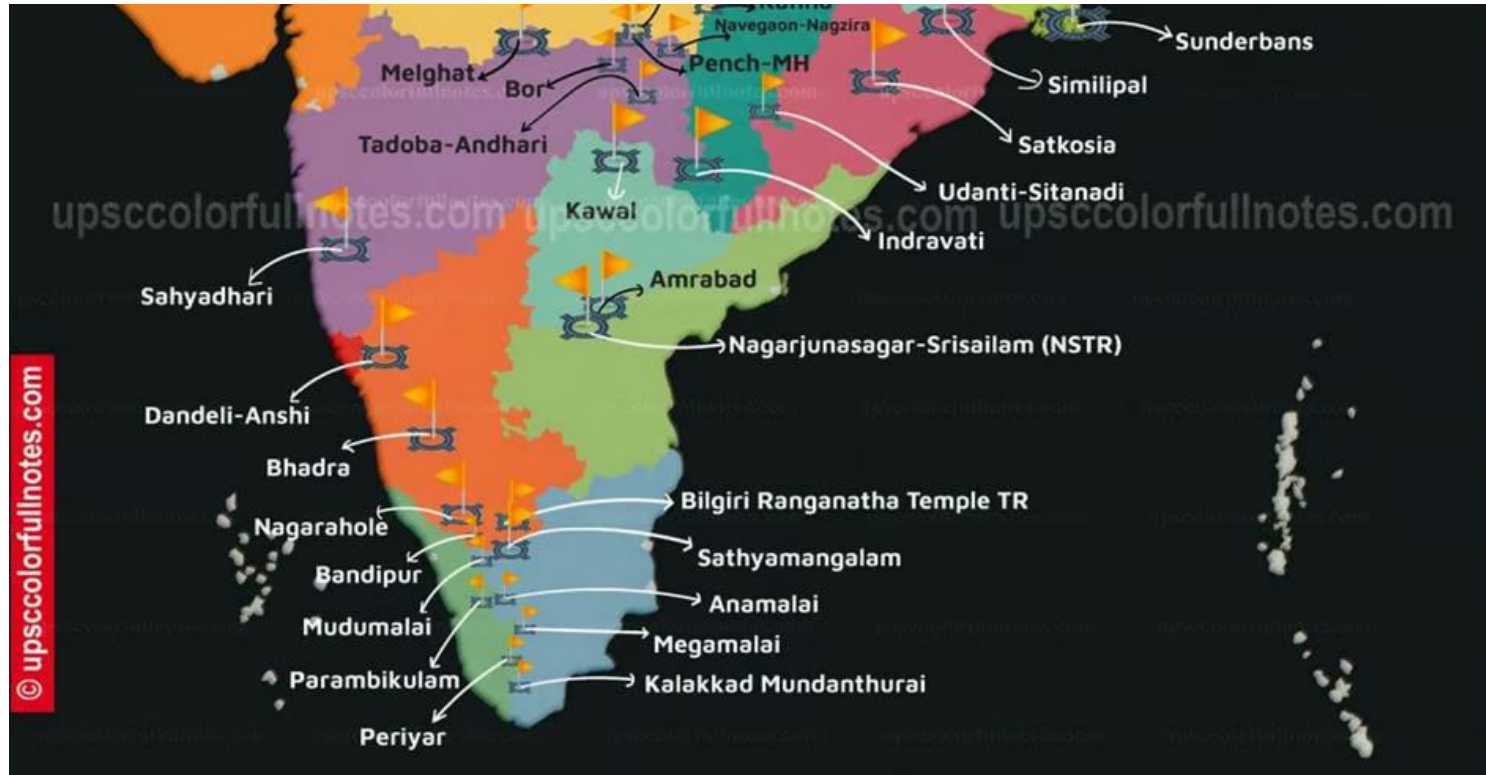

- **Sariska Tiger Reserve**
- A Tiger was recently shifted from Ranthambore Tiger Reserve (RTR) to Sariska Tiger Reserve (STR).
- Part of the Aravalli Range.

Recently Declared Tiger Reserves

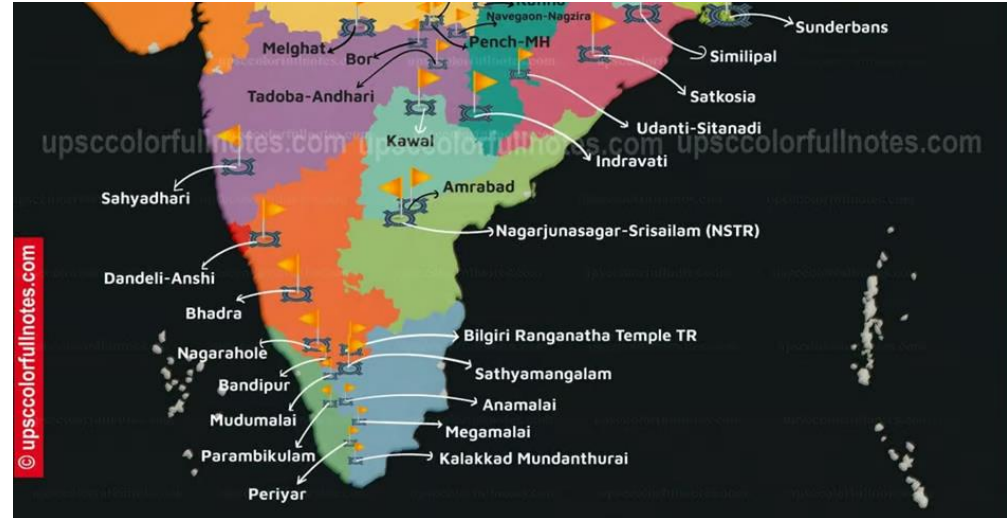

- **Durgavati WLS**
- Madhya Pradesh (MP) Wildlife Board **approved a new reserve for tigers of Panna Tiger Reserve (PTR).**
- **One-fourth of PTR will get submerged due** to linking of Ken-Betwa rivers.
- In wake of river linking project, NTCA had asked UP and MP governments to notify new tiger reserves.
- The proposal will be sent to National Tiger Conservation Authority (NTCA) for final approval.
- Durgavati Wildlife Sanctuary is a green corridor for Bandhavgarh Tiger Reserve.

Tiger Reserves

Tiger Reserves

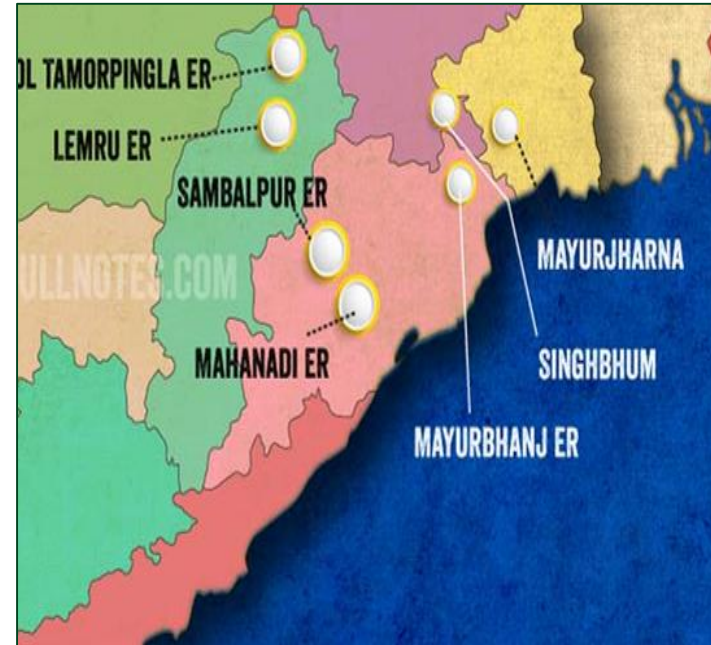

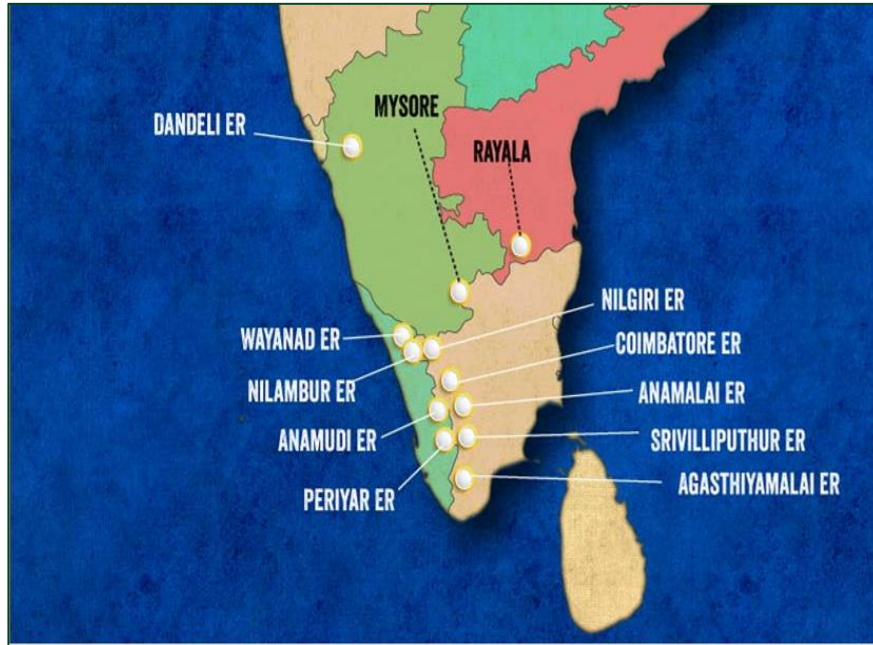

- **Tamil Nadu and Kerala:** Largest Contiguous Population of Tigers
- **Nagarjunasagar-Srisailem TR:** Largest contiguous Critical Tiger Habitat
- **Simlipal TR:** Decline in number
- **Satkosia Tiger Reserve**
- Mahanadi Gorge
- Indian Giant Squirrel, Indian Python
- **Mixed Deciduous Sal**

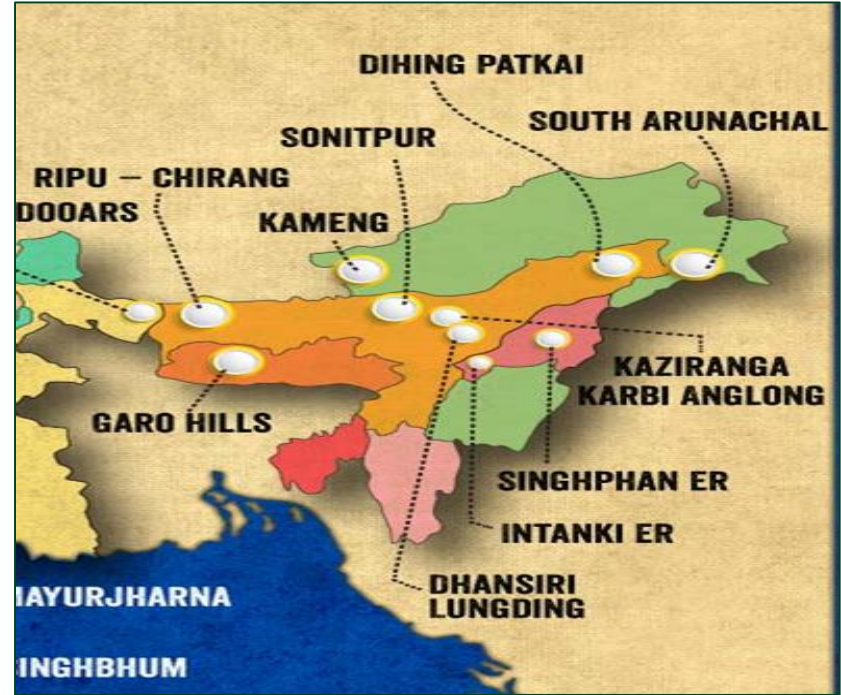

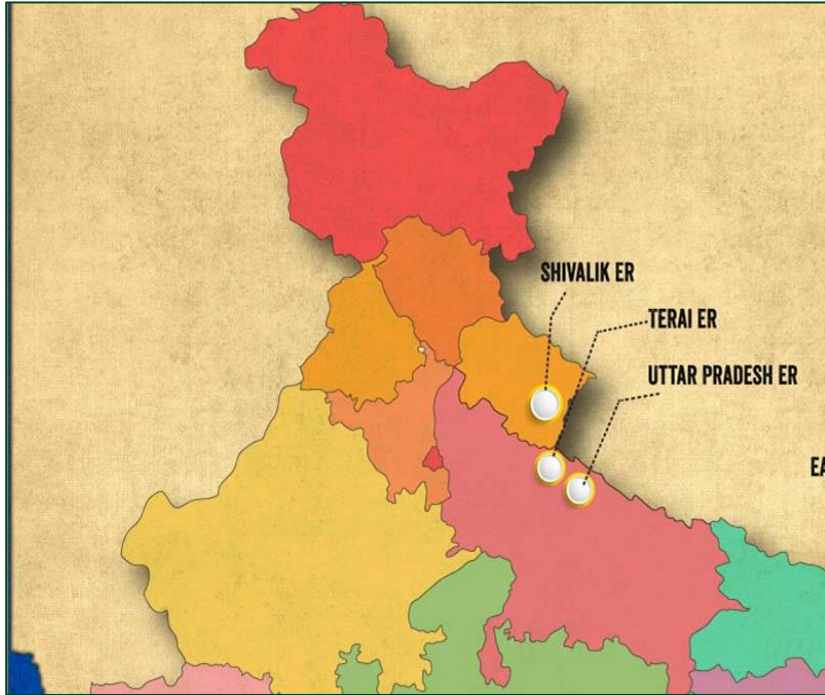

- **Project Elephant**
- Tiger faces threat of extinction, whereas the elephant faces threat of attrition.
- The elephant numbers have not increased or decreased drastically but there is an increasing pressure on the elephant habitats.
- Project Elephant was launched in 1992.
- It is a centrally sponsored scheme.
- **Elephant corridor**
- A stretch/narrow strips of forested (or otherwise) land that connects larger habitats with elephant populations and forms a conduit for animal movement between the habitats.

Elephant Reserves in Southern and Central India

101 elephant corridors have been identified by the Wildlife Trust of India under the National elephant Corridor project.

Elephant Reserves in Northern and Eastern India

Latest Elephant Reserves

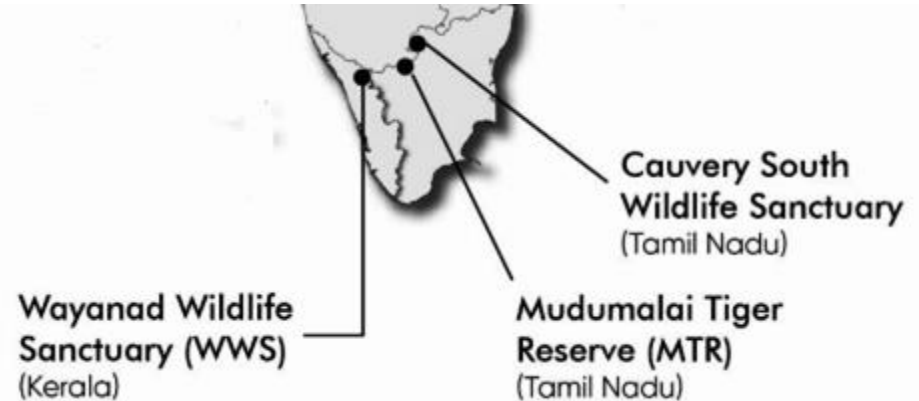

- **Terai Elephant Reserve**
 - UP, to be established in Dudhwa and Pilibhit tiger reserves
- **Lemru Elephant Reserve**
 - In Chhattisgarh's Korba district. The reserve area is part of the Hasdeo Aranya forests, a complex ecosystem rich in coal resources
- **Agasthiyamalai Elephant reserve**
 - Tamil Nadu
 - It has the potential to link populations in the Srivilliputhur Meghamalai Tiger Reserve and the Periyar ecosystems.

- **Shivalik Elephant Reserve**
- Uttarakhand govt announced repeal of the decision of denotifying the Shivalik Elephant Reserve to expand the airport in Dehradun.
- Much of this reserve falls in Rajaji National Park, Corbett Tiger Reserve, Nandaur Wildlife Sanctuary, and Sonanadi Wildlife Sanctuary.
- It is the home to almost all of Uttarakhand's wild elephants.
- Monitoring the Illegal Killing of Elephants (MIKE) site

Wildlife Sanctuary

- **Wayanad Wildlife Sanctuary (WWS)**
- Southern trenches of famous Western Ghats and contiguous to protected areas of Nagarhole and Bandipur National Parks of Karnataka on north-east and Mudumalai National Park of Tamil Nadu on south east.
- **Rivers:** Kabini river (tributary of Cauvery River).
- **Four-horned antelope and Money spider (Recently discovered)** found here.

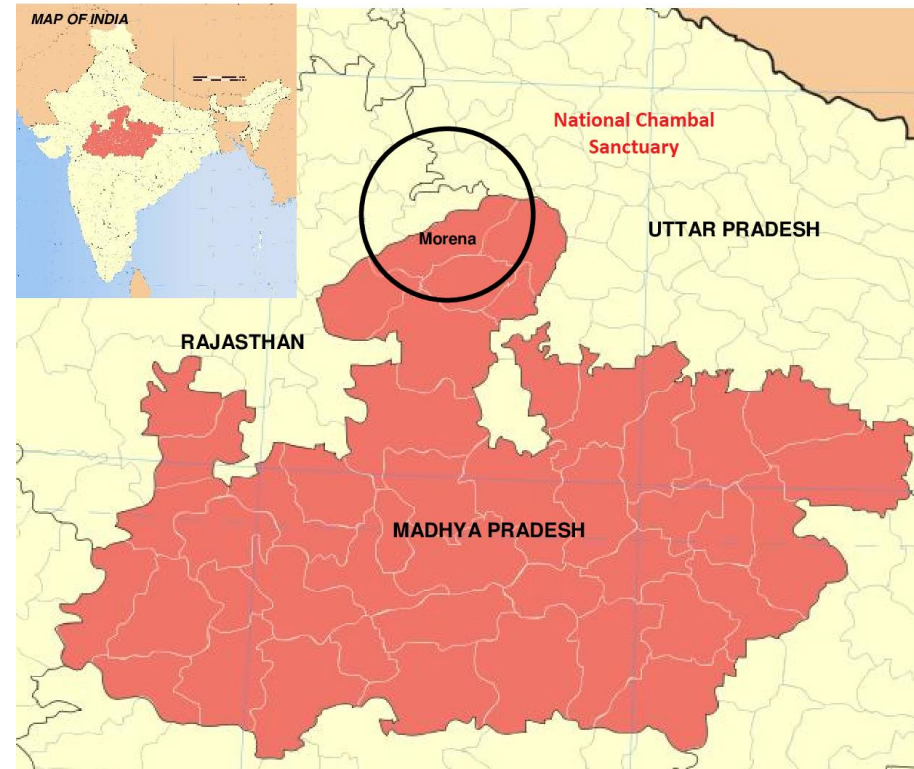

Wildlife Sanctuaries

- **Changthang Cold Desert Wildlife Sanctuary**
- First dark sky reserve at Hanle in Ladakh as a part of Changthang Wildlife Sanctuary.
- Situated between Ladakh and Tibet (China) border.
- Home to highest altitude water lakes, namely, Tso Moriri (a Ramsar Wetland site), Pangong Tso and Tso Kar. Indus River flows here.
- **Karakoram (Nubra Shyok) WLS**
- Situated just to the north of Hemis National Park, east of Deosai National Park and to the northwest of the Changthang WLS. Shyok River passes through it.

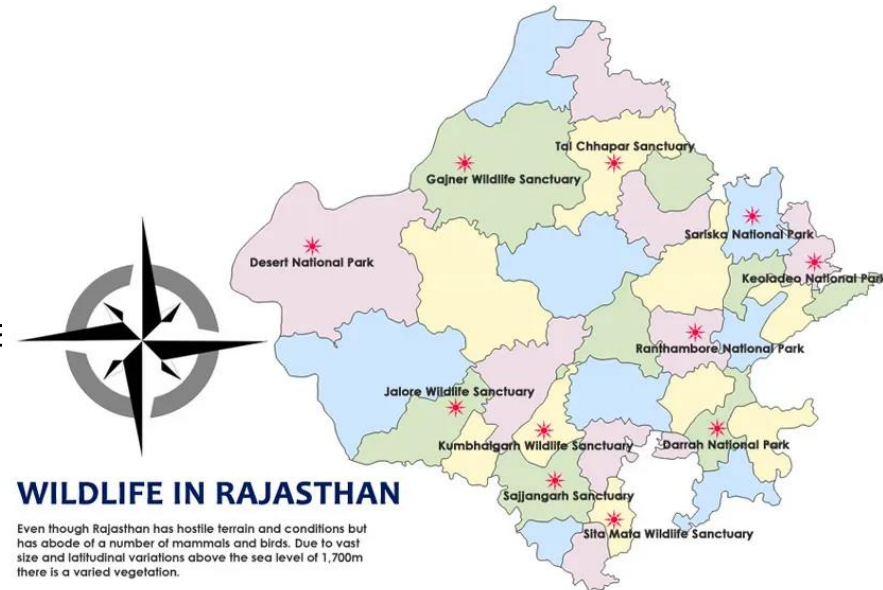

Wildlife Sanctuary

- **National Chambal Sanctuary**
- Riverine sanctuary, Species reintroduction programme of Gharial
- Listed as an Important Bird Area (IBA).
- Rivers: Chambal River (tributary of Yamuna River) and its tributary Parvati.

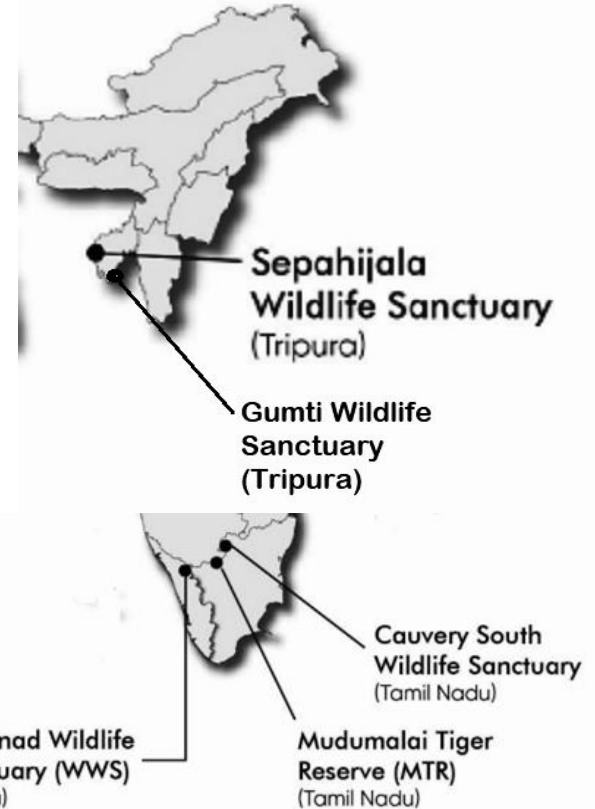

Wildlife Sanctuary

- **Tal Chhapar Blackbuck Sanctuary**
- Thar Desert, Rajasthan
- Tal is Rajasthani word means plane land.
- Only sanctuary in India with a good number of blackbucks in an almost tree-less, saline and flat land.
- “Moithiya” grass is found here.

Wildlife Sanctuary

- **Sepahijala Wildlife Sanctuary (Tripura)**
- A woodland with an artificial lake and zoological gardens. (A kind of Zoo plus Garden and Sanctuary.)
- Clouded leopard, Pig-tailed macaque, Barking deer etc found.
- **Cauvery South Wildlife Sanctuary**
- 17th wildlife sanctuary of Tamil Nadu.
- Maintains continuity with the Nilgiri Biosphere through Malai Mahadeshwara Wildlife Sanctuary, Billigiri Rangaswamy Temple Tiger Reserve (Karnataka), Sathyamangalam Tiger Reserve and **Cauvery Wildlife Sanctuary in Karnataka.**

Conservation Reserves

- **Dugong Conservation Reserve**

2014

Consider the following pairs

1. Dampa Tiger Reserve : Mizoram
2. Gumti Wildlife Sanctuary : Sikkim
3. Saramati Peak : Nagaland

Which of the above pairs is /are correctly matched?

- a) 1 only
- b) 2 and 3 only
- c) 1 and 3 only
- d) 1, 2 and 3

Solution

(C) 1 and 3 only

- Dampa TR- Mizoram
- Gumti WS- Tripura
- Saramati Peak- Nagaland

2013

Consider the following pairs of parks and rivers passing through them:

- | | |
|---------------------------------|--------|
| 1. Corbett National Park: | Ganga |
| 2. Kaziranga National Park: | Manas |
| 3. Silent Valley National Park: | Kaveri |

Which of the above pairs is/are correctly matched?

- a) 1 and 2 only
- b) 3 only
- c) 1 and 3 only
- d) None

Solution

(D) None

- River Ramganga flows through the Corbett National park along with other rivers like Sonanadi, Palain, and Mandal. Hence, pair 1 is incorrect.
- Four rivers (Brahmaputra, Diphlu, Mora Diphlu, and Mora Dhansiri) flow through Kaziranga National Park. Hence, pair 2 is incorrect.
- River like Kunthi Puzha flows through Silent Valley National Park. Hence, pair 3 is incorrect.
